The following action is in response to the proposed amendment-after-final received November 4, 2008. The proposed amendment has been approved for entry. Claims 16-18 are pending.

Allowable Subject Matter

Claims 16-18 are allowed. Claims 16-18 will be renumbered for printing as claims 1-3, respectively.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or render obvious an angularly indexable mount as defined in claim 16 and particularly wherein the inner element of the first coupling is fixed.

The closest prior art is believed to be the previously applied patents to Saj('780) and Pieczulewski('488). In each of these devices, however, the inner element of the first coupling is not fixed. The newly cited patent to Burkhardt et al.('773) shows an indexable mount wherein inner element 34 is fixed; however, there does not appear to be any rational to fix the inner element in Saj or Pieczulewski in view of the Burkhardt et al. device. Furthermore, the Burkhardt et al. device lacks the claimed inner and outer

annular array of teeth on the second coupling. Thus, the prior art does not render obvious the invention as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The proposed amendments to claim 16 overcome the objections to claim 16 set forth in the previous Office action. Accordingly, the objections are withdrawn.

In the interview of November 4, 2008, applicant's representative pointed out in the disclosure the basis for claiming that the inner element is fixed. Also, the amendment to claim 16 now recites that the couplings are shiftable, rather than reciting a "means for shifting". Therefore, the rejection of claims 16-18 under 35 USC 112, 1st paragraph, is overcome and is withdrawn. The amendments to claims 16-18 under 35 USC 112, 2nd paragraph, is also overcome by the proposed amendments. Accordingly, that rejection is also withdrawn.
